CONSULTING SERVICES

A small business offering specialist environmental consulting services at a highly competitive price!

ABOUT US

We are a small, family-owned business operating out of Essen (Germany), specializing in environmental services internationally. Over 18 years of professional consulting experience, with a focus on EIA, ESDD, biodiversity assessment and management planning and extensive experience working with International Finance Institutions (e.g. IFC, EBRD, EIB, AfDB, ADB, etc.)

Regional experience extends across Europe, Africa, South-east Asia and the Middle East with key sectors serviced including:

- Renewable energy (wind, solar, hydro)
- Oil & Gas
- Mining
- Agriculture and Forestry
- Water and Waste Management
- Commercial, Industrial and Residential Development

OUR SERVICES

We currently offer the following:

- Environmental Impact Assessment (EIA)
- Environmental Due Diligence (ESDD)
- Terrestrial and Aquatic Biodiversity Assessments
- Environmental Management Plans (EMPs), Biodiversity Management Plans (BMPs)
- Habitat restoration planning
- Specialist Wetland Delineation & Ecological Assessment
- Scientific Report Writing
- Alignment with standards/requirements of International Finance Institutions (lenders such as IFC, EBRD)
- Onsite and remote support
- Technical Review / Peer Review
- Training, Workshops and Mentorship
